ARRIVAL / DEPARTURE TRF from/to Budapest

Teams arriving to Budapest Airport (terminal 2A or 2B, no more options yet) or to train stations in Budapest can book private coach transfer with us on its own or add to their accommodation package (if already booked). We recommend private coach transfer to all teams with more than 30 members. For individual arrivals and smaller teams we can offer private car or minivan transfer service or (from the airport only) airport shared-shuttle service that will operate with a predetermined schedule irrespective of the arrival time of the passengers. In case you book a private coach, minivan or car transfer transfer (from the Budapest airport or Budapest train stations) the booked service is private, pick up / drop off time and location is adjusted to your team's needs (flight time, location). The price of such service is given in EUR per vehicle and per way. In case of shared shuttle airport transfer we set up the schedule (based on an estimated average time of arrival), and coaches will follow the predetermined timetable and route of the service irrespective of the team's and individual's flight details and accommodation. In case of the shared shuttle service the price is given in EUR per person and per way. See booking conditions at the end of the document.

TRAINING DAY TRANSFER

There will be training possibility at the Olympic Regatta Centre only, so training day transfers can be booked from Szeged or the region to the Olympic Regatta Centre and back. Teams can book private coach transfer services for training days with us by 45-47 seater coaches. In case a team is split in 2 or 3 accommodations (within the same city) we can collect team members with the private service from the corresponding accommodations and deliver them to the regatta site and return the same way. The price of such service is given in EUR per vehicle and per way. We recommend such private service for team of 30 or more members. For smaller teams and individuals we will operate a point to point, shared transfer service with predetermined timetable on practice days, departing from Szeged Bus terminal to the Olympic Regatta Centre and back. This shared service will have no stops between the 2 end points. Price of the shared training day transfer is given in EUR per person per way. Passengers using the shared training day transfer service have to arrange their own transportation from their accommodation to the Szeged Bus terminal and back. See booking conditions at the end of the document.

RACE DAYS TRANSFER

On race days, between the Szeged Bus Station and the Olympic Centre (when the competitions take place there) will operate a direct bus transfer with a set schedule (one round per hour), which can be used free of charge by athletes and supporters with accreditation cards. The transfer is direct, there is no intermediate stop on the route. In addition, on the race days there will be a shuttle (collecting transfer) service between the official accommodations and the venue. Accommodations within Szeged city will be served by a shuttle service on 2 or 3 routes, following a predetermined schedule and route (adjusted to the official accommodations), collecting the athletes. In the case of accommodations outside of Szeged, a direction/destination transfer will be in service, two rounds in the morning from the accommodations to the race course and two rounds in the afternoon back from the venue. The fee for the service is included in the price of the accommodations-package booked via the Organising Committee. For others, the use of the shuttle services within Szeged will be available only by purchasing a 6-day transfer pass. See booking conditions at the end of the document.
